

1. Title	EUROPEAN GREEN DEAL
2. Description	<p>Purpose: Briefly introduce to the wider public alternative solutions for the development of the urban environment about the EU's new growth strategy, Green Deal.</p> <p>Objective: Promote and cultivate the Green Deal to enhance the knowledge of the public about the impacts it can have on the social, environmental and economic sectors on a macro and micro scale.</p>
3. Outcomes	Develop a basic understanding for Green Deal
3.1 Knowledge	<ul style="list-style-type: none"> • Develop critical thinking and critical knowledge • Recognize key problems and opportunities that are directly and indirectly related to the urban development
3.2 Comprehension	<ul style="list-style-type: none"> • Understand the concept of Green Deal for a sustainable urban development • Understand the needs of the world towards the adoption of Green Deal • Understand the methods and techniques for enhancing an urban environment to European Green Deal
3.3 Application	<ul style="list-style-type: none"> • Apply procedures and techniques for the implementation of European Green Deal • Implement European Union legislative frameworks
3.4 Analysis	<p>We work in creating an initiative to educate learners about it and how they can contribute to achieving them.</p> <ul style="list-style-type: none"> • Analyze the needs, characteristics of urban environments (case by case) and find alternatives towards the implementation of an alternative to the current non-sustainable city development methods • Analyse the potential impacts that may arise by adopting new techniques

<p>3.5 Synthesis</p>	<p>The course aims to offer knowledge to the general public in a self-paced online structure with the hope of increasing participation in the work being done towards these goals. The courses often provide expertise with NGOs or international organizations working towards the promotion of sustainable development. The PULCHRA project and OUC hope to offer a global education on these goals and ways to get involved.</p> <ul style="list-style-type: none"> • Find solutions for the current situation of the world • Identify existing solutions already implemented • Combine theory and practice to improve society and the environment
<p>3.6 Evaluation</p>	<ul style="list-style-type: none"> • Evaluate methods and techniques for implementing the European Green Deal in the urban environment • Assess the impact of European Green Deal in the society, economy and the environment •
<p>4. Keywords</p>	<p>Society Environment Economy Science Health Well-being Green Deal</p>
<p>5. References</p>	<ul style="list-style-type: none"> • First Analysis of the European Green Deal (IEEP, 2019) • The European Green Deal (EC, 2019)
<p>6. Self-assessment</p>	<ul style="list-style-type: none"> • Is there a need to rethink policies for clean energy supply across the economy, industry, production, and consumption, large-scale infrastructure, transport, food and agriculture, construction, taxation, and social benefits? • What measures would you implement relevant with European Green Deal?
